

Mobility at Tech Lane Ghent

Tech Lane Ghent launched several initiatives to stimulate sustainable mobility like a shuttlebus, bike repair service and a cambio-car for the campus.

More information about the use of the shuttlebus, bike repair service and Cambio car can be found on the website of [Tech Lane Ghent](#). Additional information about the use of the Cambio car can be found on the [UGent website](#). If you want to use the Cambio car for work-related trips, please ask Isabel (or Nele) for the Cambio card.
